## Coder's Squad

the Coder's Club of Dhanalakshmi College of Engineering provides you the fruitful knowledge on various coding languages mainly for the development of frontend and backend of websites. We hereby, train the students to expertise themselves in coding languages and its concepts on an easy way by having hands on practices, Assignments, team projects etc.

**WHAT IS FRONTEND AND BACKEND ??**

## Frontend

Focuses on layout, animations, content organization, navigation, graphics.

Programming languages:  
JavaScript, HTML, CSS

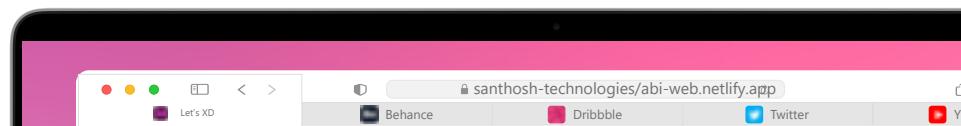

## Backend

Focuses on building code, debugging, database management.

Programming languages:  
Node.js, Python, Java

## WHO IS FULL STACK

A full-stack developer is a developer or engineer who can build both the front end and the back end of a website.

# Courses

"Your Future is Created by what you today not **tomorrow**"

[Start Learning](#)
